

Atelier Meridian

fine art print studio

STUDIO SERVICES

Atelier Meridian is a state of the art printmaking facility, featuring 5 presses in the spacious 1200 square foot studio. Good ventilation, well-lit workspaces and non-toxic material choices all add up to a health-friendly work environment where we can facilitate every aspect of the artist's creative process. We provide all the tools to create copper etchings, photo-polymer etchings, monotypes, collagraphs, woodcuts, letterpress and screenprinting. Experienced printmakers can become members of the studio to create their own prints. We provide workshops with a wide array of instructors & techniques. Master printer Jane Pagliarulo provides assisted monotype sessions and private workshops. We work in collaboration with artists to adapt their work to printmaking, including plate making and editioning. Call or email to discuss your ideas with us! Gift certificates are available.

Full Membership: \$125 a month.

Unlimited access, 24-7, with the exception of those times when a workshop is in session. Includes black and brown ink, solvent and newsprint, ink modifiers, use of etching facilities. Storage of personal supplies available. A wide variety of printmaking paper is available for purchase at our cost. Monthly members receive 20% discount on workshop fees. Print Arts Northwest members receive 10% discount on membership and workshop fees.

Press Rental sessions:

Day rate: \$25 a day
4 day punch pass: \$80

Assisted Monotype session:

\$175 per day for a shared session, where we may supply the other artist.
\$150 per artist if you bring the other artist.
\$100 per artist for half-day session
\$25 discount on your next session if you refer anyone new to the atelier!

Editions:

Printing of editions can be custom tailored to fit your project.
